

Key Benefits

Participants gain highly relevant knowledge while earning this respected professional credential. This self-paced educational pathway offers many options for meeting the requirements and completing the program.

- FLEXIBLE:** Options to target specific development needs in key areas
- CONVENIENT:** Choices to stay on top of marketplace trends
- RELEVANT:** Build working knowledge for use immediately
- EFFICIENT:** Self-paced program is easily balanced with other responsibilities

Program Credit Requirements

The AMR Program requires 30 credits for completion including the following:

- **MANDATORY:** 9 credits are required from completion of the **4C® (Core Competencies, Capabilities and Credibility) Certificate Program**
- The 21 remaining credits may come from CMRI® certificates, eModules, or client specific bundles or programs and may be completed in any order

What Counts Toward the AMR Certificate Program?

eMODULES

- Modules are online and require only 30-45 minutes to complete
- Each module carries .25 credits (4 modules = 1 credit)
- Range of topics allows each participant to choose from relevant key knowledge areas

SPECIFIC PROGRAMS OR BUNDLES

- We work with our clients often to build specific CMRI® learning programs or bundles of eModules that may be considered for credit within AMR.

ADDITIONAL CERTIFICATE AVAILABLE

- Management Development: 8 credits
